Theories of a Constructed Political Economy
Prepared for the APSA Centennial Center Teaching and Learning Symposium
by Jeremy Wolf (SUNY Cortland)

Suggested Reading List*

*This list is in no way meant to be exhaustive, but is intended as an introductory guide for political theorists seeking to incorporate theories of a constructed political economy into their course curricula.

Introductory Texts

What kind of thing is the economy?

**How does/might the economy change?**

**The Economy and Financialization**
